Exhibit 99.1 – Press Release

Tarena Enters into Definitive Agreement to Purchase a Second Office Building in Beijing

Beijing, China, November 7, 2016/PRNewswire/ – Tarena International, Inc. (the "Company") (NASDAQ: TEDU), a leading provider of professional education services in China, today announced that the Company, through its wholly-owned subsidiary in the PRC, entered into a definitive purchase agreement, pursuant to which the Company agreed to purchase an office building, mainly for teaching purpose, and to a lesser extent, for software research and development functions, with a total consideration of RMB118.3 million. The premises is located in the Beijing Economic-Technological Development Area (Yizhuang) and has an aggregate gross floor area of 8,169.39 square meters. We expect to begin business operations in the office building in the first half of 2017.

“After careful consideration, we came to the conclusion that purchasing real property space for a second multi-functional learning center was critical to accommodate growing demand and business expansion in the central and northern China including North-east, Tianjin, Hebei, Henan, etc, as utilization rate of the multi-functional learning center purchased earlier this year has reached over 80%,” said Mr. Shaoyun Han, founder, CEO and chairman of Tarena. “We plan to offer students with more diversified course offerings and practical skills trainings in this office building that contains classrooms with an aggregate of approximately 1,800 seats, and such seat capacity could fulfill new student enrollment of approximately 5,000 annually. We believe it is another important move to further improve our operational efficiency and reduce rental cost in longer term.”

About Tarena International, Inc.

Tarena International, Inc. (NASDAQ: TEDU) is a leading provider of professional education services in China. Through its innovative education platform combining live distance instruction, classroom-based tutoring and online learning modules, Tarena offers professional education courses in eleven IT subjects and three non-IT subjects. Tarena also offers three kid education programs. Its professional education courses provide students with practical skills to prepare them for jobs in industries with significant growth potential and strong hiring demand. Since its inception in 2002, Tarena has trained over 322,000 students, cooperated with more than 600 universities and colleges and placed students with approximately 86,000 corporate employers in a variety of industries.
